Who doesn't want a great marriage? It doesn't have to be a fantasy. Your journey to an excellent marriage can start right now. Maybe you have a good marriage but you're looking to take it to the next level. This book will teach you how. It's not complicated. Couples with great marriages know a simple truth: The best marriages are made up of a lot of everyday decisions that say, "I love you" rather than those that say, "I love me." Wow!

Very easy read. It reads more like bullet points with short explanations. Even "Non-readers" could quickly and easily read and enjoy this book. As for its contents, it gave me so much to think about. It pointed out so many things that I do that I didn't realize. Some good, some bad... It gave me some insight on why my wife reacts the way she does to my actions and words. My wife is reading the "100 Ways to Love Your Husband" and I can easily say that things around our house have been easier. Just read it buddy. You'll be glad you did! And get your wife to read the Love Your Husband book. BIG benefits. ;)
