2017 BASEBALL FORECASTER: & ENCYCLOPEDIA OF FANALYTICS BY BRENT HERSHEY, BRANDON KRUSE, RAY MURPHY, RON SHANDLER PDF

The industry's longest-running publication for baseball analysts and fantasy leaguers, the 2017 Baseball Forecaster, published annually since 1986, is the first book to approach prognostication by breaking performance down into its component parts. Rather than predicting batting average, for instance, this resource looks at the elements of skill that make up any given batter's ability to distinguish between balls and strikes, his propensity to make contact with the ball, and what happens when he makes contact—reverse engineering those skills back into batting average. The result is an unparalleled forecast of baseball abilities and trends for the upcoming season and beyond.

It was a waste of money to buy the Kindle version

By Jay W. Lombardi

DO NOT ORDER THE KINDLE VERSION!!!! The book itself is enjoyable and I have several previous paperback editions. However this year I bought the Kindle version. The player tables, which are the heart of the book, are way too small to see on the Kindle. It was a waste of money to buy the Kindle version.

4 of 4 people found the following review helpful.

DO NOT PURCHASE THE KINDLE VERSION, ALMOST UNREADABLE!

By cosmicmes

The **BOOK** form is great baseball "stuff". I've been reading Ron Shandler's publications for literally decades. The information is really written for people who play in fantasy leagues, but still a great read for the serious fan.

and this is by far the best. The statistics used in their models are explained ...

By Eric LePage

I've used countless fantasy baseball guides through the years, and this is by far the best. The statistics used in their models are explained in a very easy to understand manner. You can make some startlingly accurate predictions using their guide. I've been able to buy low on players who made great recoveries, or players who were ready to break out. Until I started using the guide, I was pretty inconsistent in the 10 and 12-team leagues I've played in. In the four years I've been using the guide, I've won my league once and came in the money three other times. What a difference.
