Great Reference book to help plan your history classes!

By Proverbs 31 Woman

I bought this book to help me figure out the sequence in which to teach history, and it did that. It also gave me list upon list of books to use for history. Author is Christian, so book choices reflect that. A great book to use when planning your history classes!

A Must Have for Home School History

By Catherine M. Wahnsiedler

I saw this book in a local library and knew that borrowing it would be pointless--I would use this as a main reference book for years! We can move out of textbook dryness (even in the best textbook) and pick grade-appropriate non-fiction, fiction and engaging reference materials from the exhaustive lists in this book--all in a moment's time!
