Review

"Leave it to Bruno Gmünder Verlag to one-up themselves. The Bel Ami Boys have long been the favorite young, fresh breath of innocence that has attracted legions of followers of the male form, but instead of innocence personified, photographic artists Joan Crisol has taken these lads aside, given them props and gear and suggestions for activity and what happens in the look of innocence is a well-hidden disguise for these naughty but fun excursions. As one man evaluating this collection has said, `Packed with both erections and muscles, this Querelle-inspired photo collection is pure sex - beautifully photographed sex. The photo stylist Abraham Gutierrez styled the Bel Ami models to look 'Tom of Finland' but in many of these images it's not the styling one sees. The models are Kris Evans, Dolph Lambert, Ariel Vanean, the Peters Twins, Todd Rosset, Julien Hussey, Dario Dolce, Vadim Farrell, Harris Hilton and Luke Hamill. The aspect that makes this collection unique is the role-play tenor of the book - pretty young boys acting like wild and dangerous provocateurs. It works well." (Grady Harp)

The stars of the European porn studio Bel Ami usually look a little more like "Love Me Tender" than "Rebel Yell". The new photo book by Spanish celebrity photographer Joan Crisol is proof that they can switch mode at any time. He portrays the handsome boys in bold poses and puts the spotlight on their wild side. The resulting works are extremely sexy and absolutely convincing. With aplomb and appeal these ever-so-sweet guys show that they have plenty of raw and rampant sexual energy in them after all.

REBELS WORTH JOINING UP WITH

By Anthony McGill

Another spectacular Bruno Gmunder publication! Combining the "innocence" of Bel Ami porn actors with the edgy, challenging photography of Joan Crisol was a match made in gay erotica heaven. Previous Bel Ami books (usually by Howard Roffman) have all tended to show these sexy young men in more playful and innocent activities. And please, that's not a criticism of their cherished work. I have all of Roffman's and Benno Thoma's Bel Ami books and I love them all. But there is just something about the way Crisol has been able to capture that little extra edge with these models that pushes this book of male erotica to a different level. He has "roughed-up" these beautiful boys and put them in some quite daring set-ups. It may sound corny but the Bel Ami boys appear to have become Bel Ami men under the guidance of Crisol. And the color reproduction, with Crisol's very unique lighting technique is really something else. This is a big (13.5 x 10.5) full-color book of beautiful Bel Ami models displaying their very sizeable credentials in all their glory. Also bought the calendar featuring the "best" dozen shots from the book which is definitely worth keeping beyond the year. Just as well Crisol wasn't photographing these guys for the ES collection or there would have been some very serious damage done to all those swim briefs and shorts!

Bel Ami Rebels

By Amazon Customer

This is a nice larger size hardcover book. Defiantly good size pictures. I was hoping for more male sex parts exposed. Most of the guys there I do not recognize from any of the DVD's from the Bel Ami Collection. It would be nice if there where more grasping and groping of parts. Jerking of parts and blowing of parts.
