1 of 1 people found the following review helpful.

Real Clinical Guide

By Spike

This book is quite awesome. It has precise suggestions on different cases that the practitioner may encounter. It has Dr.Tan's point suggestions for different presentations, it has formulas for the same, it has Western description of the ailment and its equivalent in Chinese differential diagnosis, it has acupuncture point suggestions for the ailment, it has a drug, herb index, it has the possible conditions alphabetically. It has been a real for me in my practice. I would highly recommend this book.
