BUYER BEWARE!!! - This is NOT a 2 VOLUME Set as Title States! - "Le Comte de Monte Cristo, 2 volumes (French Edition)"

By Denise

First, let me say, that I'm NOT rating the story. "The Count of Monte Cristo" is in my Top 5 Favorite Books List, and the story gets FIVE STARS.

My Review is to WARN future perspective Buyers of this particular Edition of the book.

That being said, please read below:

I bought this exact book back in on March 3, 2010. Please note title: "2 volumes".

Le Comte de Monte Cristo, 2 volumes (French Edition) [Paperback]

ISBN-10: 0685348911

ISBN-13: 978-0685348918

Paperback: 1450 pages

Publisher: French & European Pubns; Unabridged French edition (August 26, 1998)

Now, either there is an error in the description, or Amazon cannot get my order straight. They only sent me Volume II for my \$45.78. I called Amazon and spoke to a Rep. She looked up my order and came to this page. And she told me that my order was correct and this book is only Volume II. (That it's not a 2 Volume Set)

I don't know whether she was dense or what, but she would NOT acknowledge that there is supposed to be a Volume I, and that it's a 2 Volume set. She asked me what the number of the last page was. I told her it was 1450. She said I got what I ordered.

I explained to her that this item is supposed to contain, "2 volumes", ("1450 pages" total). My Volume II book starts after page 700. I told her I wanted the first half of the novel (Volume I).

Well, after 15 minutes of trying to get through to this Rep., she told me that all she could do was Re-Place my order. (At no cost to me)

Two weeks later, I get Volume II. AGAIN.

Trying to get Volume I was futile for me. Apparently, the Reps. can't do anything but Re-Place orders that get messed up, and they cannot put you on the line with a supervisor. So, now, I'm stuck with two Volume II's, and I have no idea how to obtain Volume I of this edition. If anyone can help me, I would really appreciate it. I'd love to have the 1st Volume of this set.

Thanks,

D.

Update: I accidentally stumbled on Tome I/Volume 1 of this book. If you're interested, you can find it on Amazon at this link: [Le Comte de Monte Cristo, Tome 1 \(French Edition\)](#)

Please Note: You do NOT receive both Volumes/Tomes as described in this Product Title. The \$48.95 price is for Volume 2/Tome II, ONLY.

The ISBN Info for Volume 1/Tome I is:

ISBN-10: 2253098051

ISBN-13: 978-2253098058

I have to say, this is an EXCELLENT Edition. I just wish Amazon would correct the Item Description so people know exactly what they're buying.

This review is also showing up on the Tome I page for this title (see link above). I did not copy & paste this on the other page. Amazon linked the pages together.

If you have any questions about my review or need more information about this book, please feel free to contact me. I'd be happy to be of any help.

BTW: If it doesn't show up that this purchase is an Amazon Verified Purchase, I have my order info. to prove it.

Thanks,

Denise

This is basically the Project Gutenberg text

By LDS

This review is not about the story, which would of course get five stars. Instead, this is about this particular Kindle edition of the Alexandre Dumas classic.

The text in this Kindle book is basically that of the Project Gutenberg made available on March 15, 2006. Unfortunately, it still has too many typos, which seriously degrades the reading experience. In fact, after I detected the first few typos, I became obsessed with this and now I find myself constantly checking the printed edition. Very annoying!!!

In order for you to get an idea of the amount of typos and then decide if you still want to buy it, let me tell you that I have until now read the book until chapter XVII and have already found around 20 typos, but I am sure I have missed many. I have already reported these typos to the people of the Project Gutenberg and I will continue to do so until I finish reading the book. So, if I were you, I would wait until I finish reading the book ;-) and then simply download the Gutenberg version with the corrected typos.
