Dr Johnson's Reliquary of Rediscovered Words

By Blanik

I love this book. It lives in our van and whenever we stop I just pick it up and read random pages. I guess I've read the book a hundred times. I've not seen any similar books, although there are several word books around. Julian Burnside written one and Don Watson has done several, however this is different.

Fustigate is a little used word, but well worth knowing. As is inthronizate.
