Beautiful book

By DaniBgz

My 2 1/2 year old loves this book. We read it every night. I was happy to find a slightly informative book about castles, rather than another story book. The pictures are colorful and interesting and the amount of text is perfect. Enough to be interesting, but not so much that he becomes bored and turns the page before I can finish reading to him. The feel of the book is also nice and has held up to lots and lots of use!

Great book for the little knights

By N. Romano

We have read this book about thousand times. It is great to have a book about knights that is more than just about fighting. It shows what the life was like in the castles, creating an interesting impression about that time period. It is clear, cute and absolutely perfect for my 2.5 year old.

Perfect introduction to knights and castles for toddlers

By Amanda D

This is a great book for introducing the idea of knights and castles to toddlers. There is a bit of violence involved when the enemies attempt to attack the castle, but it is handled well and no one gets hurt (they just run away). It has been a big hit with my 2 and 1/2 year old son.
