Good information, but with typos

By LAisGR8

This book is quite comprehensive as far as foundational information on interior design. Docking off a couple of stars, though, for typos and poor use of the English language in certain areas. With all due respect, if you are selling an educational textbook, you should hire a solid editor to edit it thoroughly. Poorly written language and typos are unacceptable, especially at this price!

Five Stars

By Amazon Customer

Rented for the son for his college course. So convenient fast, easy and inexpensive!

1 of 1 people found the following review helpful.

excellent general overview,

By nawar

this is an excellent and very useful bookr for introducing the concepts of interior, it really puts you on teh way, give you a hint and an idea about each concern, a really really useful book
