By Ismael Velasquez

This guide is excellent! I have read many books on the subject and by far this is the best. It's simple and concise. All you have to do is immediately start practicing these techniques. This book is very well organized, which facilitates its understanding and memorization. It is a fascinating read and is one of those books that I keep referring back to. After reading several books on memory this one took a different approach and I found it the most helpful.
