good messages both historical and inspirational

By S. T. Peterson

So tiny and inexpensive but so full of powerful information/messages. Who knew some of these hymns were created in the way that they were. I love the ones story about the lady who had lost her way of life and became an invalid. But she wrote one of the most inspiring hymns that impacted more people in a big way with a simple act than most active people do in a lifetime with more celebrated methods. Even her brother said she reached more people with God through that one hymn than he did in his lifetime in the ministry (paraphrasing). Love it.

Great Anecdotal Stories

By Occasional online shopper

Hymns will have much more meaning when you read these anecdotal stories behind the hymns. Teachable moments inspire and encourage! A great gift but be sure to order one for yourself or you won't want to give it away.
