Review

"He has written so charmingly about his immigrant forebears that we are not only glad ours are Americans... but wish they too had been Armenian."--Georgia Review

From the Publisher

William Saroyan's most celebrated work of short fiction- a boy's view of the American Dream. Aram Garoghlanian was a Californian, born in Fresno on the other side of the Southern Pacific tracks. But he was also part of a large, sprawling family of immigrant Armenians--a whole tribe of eccentric uncles, brawling cousins, and gentle women. Through these unforgettable, often hilarious characters Aram comes to understand life, courage, and the power of dreams. Whether it is fierce Uncle Khosrove who yells "Pay no attention to it" in any situation, Uncle Melik, who tries to grow pomegranate trees in the desert, or angelic-looking Cousin Arak who gets Arma into classroom scrapes, Aram's visions are shaped and colored by this turn-of-the-century clan. Like Sherwood Anderson's Winesburg, Ohio, William Saroyan's brilliant short stories in My Name Is Aram work together to create a picture of a time, a place, and a boy's world-a truly classic account of an impoverished family newly arrived in America-rich in matters of the heart.

This is a great book, and its stories of childhood life in a small Central Valley town still resonates strongly today.

By unclesmrgol

This book, along with "The Human Comedy", comprises the essential William Saroyan experience. I would rate this book slightly below "The Human Comedy" in terms of the nature of the stories and the development they undergo -- but in Saroyan-land, even underdevelopment is superior to most other authors. This book is a series of seemingly disconnected short stories involving a small cast of characters, so you can read a chapter, put it down, and not have that feeling of incompleteness that George Lucas always left you with at the end of each Star Wars movie. Just one of the stories was worth the cost of the book -- the teflon cousin who breezes through life in the classroom with the blame for all of his sins somehow falling onto those nearby. No, he doesn't get his comeuppance, but the accusers (a classroom teacher and a principal) somehow get theirs, and in an completely unexpected and humorous way.

My Name Is Aram

By A Customer

I am a high school student, and we read an excerpt from this book in our literature class. I immediately was intrigued by Saroyan's method of writing and the fact that his novels are autobiographical. This is a story of Aram Garoghlanian, a boy living in Fresno with his large family of Armenian immigrants. Throughout the book, such ideas are touched upon as maturity, honesty, and acceptance. *My Name is Aram* is a portrait not only of Aram Garoghlanian and William Saroyan himself, but Americans in general. Americans struggle with basic values and ideas everyday, and accepting our eccentric family members is something we learn to do. Saroyan describes small details in his writing that bring the story to life and open up a new world. Readers will soon realize when they open this novel that each of us holds Aram inside us, whether it means we struggle with the idea of stealing a horse or keeping the families reputation. I strongly recommend this book to anyone.

Excellent book

By A Customer

The book is composed of different events that happened in the author's life. It is the life of an Armenian immigrant family in the beautiful San Joaquin Valley. Although, the story is about events that are happening in a particular Armenian family, in reality it is the life all immigrants in America. The stories somehow affect all Americans. I am positive that somewhere in our lifetime we were criticized for a certain cultural trait. It is the story of the ultimate underdog who is determined to succeed. At the same time it is a very fun and easy book to read. I could not put the book down.

Saroyan has to be the best writer to come out of the West. He should have been recognized more for his genius work.
