Review

From the reviews:

"Because this book is intended as a practical guide for various surgical procedures in the form of an atlas, the focus is on the excellent illustrations. ... The author succeeds by providing excellent step-by-step, high quality illustrations and keeping the theory concise. Dental students and professionals are the intended audience. ... This beautiful illustration guide of minor surgical techniques is ideal for students and young professionals to complement more theoretical books. ... is a great addition to more comprehensive reference books in oral surgery." (Bart Paul Vandenberghe, Doody's Review Service, September, 2008)

a must have

By L. Lam

I've read a lot of oral surgery books, but this one I found the most helpful. The illustrations are easy to understand and visualize and the content very helpful. Definitely a must have if you do oral surgery.
