Outstanding review of the industry

By M.N. Roy

This is an outstanding review of the real estate development industry. It is aimed slightly toward smaller and entrepreneurial developers, but there is lots of relevant information for anyone in the industry. It is comprehensive and walks you through everything. This 3rd Edition was released after the real estate crash and recession of 2008 and onwards, so the new capital market and lending realities are incorporated into the

text. The 2nd Edition does not have that crucial update.

The best book I've ever read on the subject

By speedcat

The amount and degree of detail this book goes into is marvelous. Super all encompassing, well written and edited. Just cannot recommend it enough. Totally worth it. Didn't expect anything going in, but surprised as a result
