Now I can see why this book is called bible for travelers of Sahara

By D. Kruk

This is not ordinary guide book as traveling in the Sahara is not ordinary. A lot of practical advices: what to take, how to prepare, what to expect, how to buy a camel, how to successfully buy your way out of the troubles and many many others. Chapter with real life stories of traveling in the Sahara makes very interesting reading. You got a good feel of what to expect. If you even consider going to Sahara buy this book.

Every traveler should read

By Donald Riggs

I bought this book out of curiosity after reading an excerpt on the internet. I was totally absorbed in the book for some time after receiving it. If you have any notion of traveling in the Sahara on your own or in a guided tour you need to read this book. The amount of information boggles ones mind, especially when it's delivered in a format that doesn't bore one to tears.
