This series is a rollercoaster...** spoiler alert **

By Anjena

No. Just no. I liked the first book. The second one was even better. There was some growth to the characters and relationships evolved into something believable. But in this book...Kihanna is just a hot mess. Her reasoning for her very stupid actions is just... silly. And no I just can't stand her at all. Suddenly everything she's felt was false and not at all true and a guy she's known for two seconds might be the love of her life. Seeing where she started in book one she truly has regressed. I'm still curious to know how it all ends, but don't care about the MC at all. I hope that changes in the next book.

Romance, Young Adult High School Suspense story

By Kristi Hulsey

I absolutely LOVE this Kihanna series. It's romance galore, It's Dramatic. It's suspenseful. EVERYTHING I love in a book. The writing style is just fantastic. I love how it goes day by day. Even go through every few hours. I just love how well it is written. If you haven't started this series please go start it. You will just fall in love with these characters.

Kihanna in just 3 books has taken on so much. Plus the guys that are infatuated with her along with the guys she dates is just so great to read.

I have my theories on who I want to be the stalker. But then as I read the story I realize I really don't want the stalker to be that person. I am just confused on some of these people that could be the stalker. There are some new characters that come into this series. There are some characters that die. NO ONE is safe.

This author is slowly killing me with this series. I just can't stop reading it and I cannot wait to continue on with this series. Kihanna is by far a really great character I cannot wait to continue the series.

5 Stars if I could I would give a lot more stars

Pulled me in, again!!

By Amazon Customer

I am so hooked on this series. Every book keeps getting better and better. So much happens in this book that I had to take a break before I could write my review.

They start out on their vacation but as you would suspect the stalker make their presence know. Kihanna is yet again put in horrible situation. Her decision, yet hard, was done with all those involved best interest at heart. I think was the best she could have done.

I am Team Brian. Does he have a team? if not I'm starting it right now. I think he could be the best thing for her. He seems to be the only one besides Toby, who has Kihanna's best intrest at heart. He keeps her grounded in this crazy new life.

Holy Bejesus! The situation with her dad & Toby's mom...whoa! And then the ending? Mercy, are you trying to kill me?!?! Seriously you need to write faster! I don't know how I'm going to make it until It's So Obvious is here.

If you haven't read this book what are you waiting for?
