beautiful, but...

By home and school

The art work is exquisite. It makes me want to stick to my daily plans just to have to flip the pages! It's also the reason that I don't rate this planner any lower. The disappointing feature is the glossy photo paper it was printed on, making it highly impractical. If you use a pencil, it's impossible to erase a mistake because your strokes will press into the thick paper. So even if the lead is gone, your words are still "carved" and visible. If you use a pen, you will have smudges everywhere because the ink takes forever to dry on glossy paper.

The space allotted for each day is small, and so are the squares in the monthly calendar. But despite its impractical features, it's still so beautiful I'm finding a way to make it work! Just wanted to give potential buyers a heads up.

Lovely artwork, nice way to keep notes on daily activities

By eileen Hoover

I am enjoying the format and artwork of this diary and I appreciate the space that allows me to keep track of appointments, activities and memorable moments. Many of the dated daily spaces are covered with artwork, making it difficult to write over the artwork. Other than that I am enjoying the diary.
