Best how-to for gay males.

By Tom G.

Best bondage book I've encountered so far, especially for gay males. There are lots of other books out there that show you the ropes, but the most popular ones all have female models.

This book has lots of "quick read" sidebars on related topics, like "the setting" and "rope burn."

My only quibble is with the printing ... low quality paper.

Great guide on how to tie up your man

By Wilson

Hard to find a good guide for male bondage. Most texts are written by male dominants who use female submissives. The information is presented well and is concise and is tailored to providing advice on how to bind men.

Almost exclusively ropes

By Mark

Very basic, primarily ropes not general bondage but enough tidbits of good info to make it any easy and worthwhile read.

It is a guide to ropes not general bondage.
