It will not bother you to reduce your important time to choose buying book in store. This way, you will also invest money to spend for transport as well as other time invested.

VERY CLASSY: EVEN MORE EXCEPTIONAL ADVICE FOR THE EXTREMELY MODERN LADY BY DEREK BLASBERG PDF

Derek Blasberg is back with more brilliant commentary on what makes a lady truly classy. With all the razor-sharp insights of *Classy* plus new, never-before-seen pages packed with Derek's signature wit and timeless tips, *VeryClassy* is the best - and the only - resource for the up-to-the minute, modern young woman.

Today's fast-maturing youth culture is confounded by a whole slew of classy conundrums. Like, "Is a funeral an acceptable place to meet a guy?" (No, the point of a funeral is to ponder how someone has touched your life, not how you hope someone is going to touch you later that night). And, "Should I wear my Wonderbra to the gym?" (No! Gyms are for exercise, not cleavage.)

Even if you're so confident, you've been attracting guys like a honey-dipped man magnet for years - *VeryClassy* still has something for you. This illustrated volume is packed with advice for the girl who doesn't want to be a Relationship Chameleon, the girl who understands that skinny fat is worse than just plain fat, and the girl who needs a little help discovering the silver lining of a hangover. *Very Classy* is the ultimate guide for discerning this generation's ladies from the tramps.

"Very Classy" is Anything But

By j

For an author who claims to understand and promote manners, "Very Classy" is shockingly devoid of them. It is a good clue to the supposed classiness of this book that the premise is based on designating grown women "girls" and "tramps" -- it is even on the title page. It begins with a tiring monologue of blatant self-promotion, peppered with insults, and the rest of the book unfortunately follows suit. The author's apparent association with famous people of poise does nothing to improve his credibility; money and fame have little to do with grace. He mocks women (both "victorian" and "slutty", in his words) with nasty remarks, and includes photos of himself hanging all over ladies of the red carpet that do little to charm or entertain.

Mr. Blasberg repeatedly insists that a woman's way to "classiness," by which he means mannerliness, is through the material and the superficial. The very first sentence of the first chapter emphasizes the importance of the way a woman looks to other people and the importance of fashion rather than character. Any advice actually pertaining to manners are so obvious the reader could pick it up in almost any other etiquette-related text. Preferably one that does not insult under the guise of humor. Classy indeed.

This book is style over substance, the very opposite of mannerly behavior, and a good dose of gentlemanliness on the part of the author would go a long way to save it. Perhaps we should start with concerning ourselves over whether a woman is gracious, rather than teasing out whether or not she is wearing underwear.

Don't bother

By Briony

I did not enjoy this book, in fact I found it so uninteresting that i have put it down and do not intend to finish it. Without wanting to be too negative in my review I will just say this - there are so many wonderful books out there to read, this unfortunately is not one of them.

4 of 4 people found the following review helpful.

Perfect, if you're trying to go from complete trash to a common, decent person.

By Sprinkles

I purchased this book along with Classy and was extremely disappointed by both. If you are thinking of purchasing both don't. Either buy one, the other, or neither. If you MUST buy one, get whichever is cheaper. Very Classy is literally Classy with five extra pages. As for the content I was also disappointed. My recommendation would be to not buy this book unless you are trying to go from "everything that's wrong with our youth today" to simply a decent, common sense person.
