Covers EVERYTHING in great detail

By J. Bal

I live in an area where there are few Muslims. So when I wanted to learn about Islam from a friendly knowledgeable guide there was no one available. I also had reservations about learning from someone.

I am very lucky that I found this book. It covers everything about Islam. It doesn't just talk about the spiritual mentality of Muslims, or the history, but goes into detail on functions, manners, lots of how-to sections, the spiritual thoughts behind actions or duties, and much more. It basically teaches someone how to be a Muslim and answers lots of questions. It is a DEFINATE MUST-HAVE FOR ANY AMERICAN CONVERT.

Yahiya Emerick is a wonderful person who converted when he was 19 and has dedicated himself to TEACHING Islam. He has taught in many American Islamic Schools and part-time summer programs. Through this textbook you feel his warmth, understanding, and his passion for bringing people to understand true Islam.

This book is designed to be a young person's textbook. It comes with vocabulary lists and review questions. Don't let that turn you off. I am a 24 yr old female and it has kept me interested every step of the way. I don't do the questions but I appreciate how Br. Yahiya goes over the deep topics in a way so that anyone could understand what would normally sound complex and daunting. I think of this book as my little "Islam Sunday School".

This is just such a great book I would recommend it to anyone whether they were a convert or not because it provides tons of information in a pleasant simple way that allows tough concepts to be digested. It's just absolutely great. I can't say it enough. It's a great educational tool. I have e-mailed Br. Yahiya and told this to him myself. I thank God that I found it.
