WISDOM FOR HEALING CARDS BY CAROLINE MYSS PDF

Healing is more than confronting the challenge of an illness. The wise approach is to realize that it is a lifestyle requiring constant support, and attention to the well-being of our mind, body, and spirit.

However, illness often forces a person to begin the journey of personal empowerment, as does loss, loneliness, and other life crises. It's very difficult to know where and how to begin that journey, which is why I created these Wisdom for Healing Cards. They are intended for repeated use, as the task of keeping healthy on a physical, spiritual, and emotional level is lifelong.

Sweet cards

By M Coffin

I really like these. The artwork is delightful. I love the sayings on the cards. I particularly like that the people drawn on the cards are ethnically diverse. I use these in my work as a Spiritual Director and get such favorable feedback about them. I strongly recommend them. I feel that they bring comfort and joy to my clients both through the writing and the artwork.

I loved them so much

By Karen Cannan

My daughter originally bought me a set of these. I loved them so much, I bought a set for a dear friend. We

love them so much....each day is a chance to understanding a new lesson and ourselves more and more each day. I think everyone should have a set of these!

The more you use them, the more you realize how great they are!

By Janet Duarte

I think these cards are amazing! I am a believer of divine guidance because I have asked for Heaven's help and everytime I need an answer, I receive them. I don't feel alone anymore and I am confident that I am guided in the right direction. I have about 15 decks from different Authors and each deck is unique. At first, I wasn't crazy about the art work on the cards but I would take out a card and felt that it was sending me a strong message. Over time, the art has come alive and dances with me as I confidently follow good advise from a special friend. I use to be co-dependent but life has taught me hard lessons so now I am learning to be my own best friend. These cards are perfect with breakfast as I begin my day seeing my life clearer. I know I need constant nourishment and reassurance. If you are searching for answers, you will receive them.
